College of Commerce, Science and Information Technology,Pimpri

# 1.3.1 Curriculum Enrichment

INDEX

Sr.No.	Content
1	Syllabus
2	Gender Sensitization
3	Professional Ethics
4	Environment & Sustainability
5	Human Values
6	Tree Plantation
7	Blood Donation

1.3.1 Institution integrates cross cutting issues relevant to Professional Ethics, Human Values, Environment & sustainability into the curriculum.

Sr. No.	Class	Course Code	Course	Syllabus Content
Professional Ethics				
1	B.Com	112	Financial Accounting –I	• Students get Knowledge about various accounting Concepts, Conventions and Principles. • Understanding emerging trends in accounting and its effect on accounting Practices
2	BSc(Computer Science)	CS -353 CS-355	Web Technology –I Object Oriented Programming JAVA –I	• To Design dynamic and interactive Web pages. • To Learn Core-PHP, Server Side Scripting Language · To Learn PHP-Database handling • To learn Object Oriented Programming language • To study various java programming concept like Interface, File and Exception Handling etc. • To design User Interface using Swing and AWT
3	BBA(CA)	CA-503 CA-504	Core JAVA	• To introduce the object oriented programming concepts. • To understand object oriented programming concepts, and apply them in solving problems. • To introduce the principles of inheritance and polymorphism; and demonstrate how they relate to the design of abstract classes • To introduce the implementation of packages and interfaces ·• To introduce the concepts of exception handling and multithreading. • To introduce the design of Graphical User Interface using applets and swing controls.

Pimpri, Pune - 411 018.

4	MSc(CS)	CSDT 114C CSUT 122	Web Services Mobile Technologies	· To understand Mobile Security · Understand the issues relating to wireless application
Human Values				
1	BCom	234 244	Business Management	• Student get understand Leadership Qualities , Human Behavior, Motivation, Principles of Management
Environment Sustainability				
1	BSc(CS)	AECC	Environmental Studies	• To understand & Evaluate the global scale of environmental problem. • Gain knowledge about ecosystem
2	BCom	AECC	Environmental Studies	
3	BBA	AECC	Environmental Studies	
4	BBA(CA)	AECC	Environmental Studies	
5	BBA(IB)	AECC	Environmental Studies	

Semester: I

Financial Accounting- I

Course Code - 112

No. of Credits :- 03 and for practical – 01

Objective of the Course:-

1. To impart knowledge of basic accounting concepts
2. To create awareness about application of these concepts in business world
3. To impart skills regarding Computerised Accounting
4. To impart knowledge regarding finalization of accounts of various establishments.

Unit No.	Unit Title	Contents	Purposed Skills to be developed
1	Accounting Concepts, Conventions and Principles and an overview of Emerging Trends in Accounting	**(A) Accounting Concepts, Conventions and Principles** 1. Money Measurement 2. Business Entity 3. Dual Aspect 4. Periodicity Concept 5. Realization Concept 6. Matching Concept 7. Accrual / Cash Concept 8. Consistency Concept 9. Conservatism Principle 10. Materiality Concept 11. Going Concern Concept 12. Historical Cost Concept **(B) Emerging Trends in Accounting** 1. Inflation Accounting 2. Creative Accounting	• Knowledge about various accounting Concepts, Conventions and Principles. • Understanding emerging trends in accounting and its effect on accounting Practices.

		3. Environmental Accounting 4. Human Resource Accounting 5. Forensic Accounting	
2	Piecemeal Distribution of Cash	1. Surplus Capital Method only, Asset taken over by a partner, 2. Treatment of past profits or past losses in the Balance sheet, 3. Contingent liabilities 4. Realization expenses/amount kept aside for expenses 5. adjustment of actual, Treatment of secured liabilities, 6. Treatment of preferential liabilities like Govt. dues/labour dues etc., Excluding: Insolvency of partner and Maximum Loss Method.	• Knowledge about process of dissolution of partnership firm.
3	Accounts from Incomplete Records (Single Entry System)	1. Meaning of single entry system 2. Features of Single Entry System 3. Conversion of Single Entry into Double Entry	• Knowledge about single entry systems. • Purpose and advantages of double entry system • Process of conversion of single entry into double entry system.
4	Introduction to Goods and Services Tax laws and Accounting	1. Constitutional Background of GST, Concepts and definition of GST. 2. IGST, CGST and SGST 3. Input and Output Tax credit 4. Procedure for registration under GST	• Knowledge about conceptual framework of the GST • Knowledge about various components of GST. • Types of taxes under GST • Registration process under GST for business establishments.

Topic	Mode of Practical
Constitutional Background of GST, Concepts and Implications of GST.	Library Assignment
IGST, CGST and SGST	Guest Lecture
Procedure for registration under GST	Visit to a business establishment
Input and Output Tax credit	PowerPoint Presentation

Teaching methodology

Topic No.	Total Lectures	Innovative methods to be used	Film shows and AV Applications	Project	Expected Outcome
1	12	PowerPoint Presentations	Videos available on YouTube	Library assignment on Types of accounting principles and conventions with its usage and emerging trends in accounting	Students will be able to acquire in-depth knowledge
2	12	Group Activity	Videos available on YouTube	--	Students will be able to acquire in-depth knowledge
3	12	PowerPoint Presentations	Videos available on YouTube	Group activity of conversion of single entry into double entry system	Students will be able to understand the process and importance of conversion of single entry into double entry system
4	12	Visit and interview	Videos available on YouTube	Compilation of information about the contents in the syllabus in a journal	Students will gain knowledge about GST and its implications.

Information Technology
S. No. 29/1+2A, Pune-Mumbai Highway,
Pimpri, Pune - 411 018

Savitribai Phule Pune University
T.Y.B.B.A.(C.A.) Semester –V
Course Code: CA-503
Subject: Core Java

Total Credits: 03

Total Hours : 48

Prerequisite:
- Student should know basics of object oriented programming.

Course Objectives:
- To introduce the object oriented programming concepts.
- To understand object oriented programming concepts, and apply them in solving problems.
- To introduce the principles of inheritance and polymorphism; and demonstrate how they relate to the design of abstract classes
- To introduce the implementation of packages and interfaces
- To introduce the concepts of exception handling and multithreading.
- To introduce the design of Graphical User Interface using applets and swing controls.

Course Outcomes:
- Able to solve real world problems using OOP techniques.
- Able to understand the use of abstract classes.
- Able to solve problems using java collection framework and I/o classes.
- Able to develop multithreaded applications with synchronization.
- Able to develop applets for web applications.
- Able to design GUI based applications

Unit No.	Topic	No. of Lectures	Reference Books

1	**Java Fundamentals**
	1.1 Introduction to Java.
	1.1 Features of Java
	1.2 Basics of Java: - Data types, variable, expression, operators, constant.
	1.3 Structure of Java Program.
	1.4 Execution Process of java Program.
	1.5 JDK Tools.
	1.6 Command Line Arguments.
	1.7 Array and String:
	   1.7.1 Single Array & Multidimensional Array
	   1.7.2 String, String Buffer
	1.8 Built In Packages and Classes :
	   1.8.1 java.util:- Scanner, Date, Math etc.
	   1.8.2 java.lang
		8	1,2

2	**Classes, Objects and Methods** 2.1 Class and Object 2.2 Object reference 2.3 Constructor: Constructor Overloading 2.4 Method: Method Overloading, Recursion, Passing and Returning object form Method 2.5 new operator, this and static keyword, finalize() method 2.6 Nested class, Inner class, and Anonymous inner class	8	1,2

3	Inheritance, Package and Collection	10	
	3.1 Overview of Inheritance		
	3.2 inheritance in constructor		
	3.3 Inheriting Data members and Methods,		
	3.4 Multilevel Inheritance – method overriding Handle multilevel constructors		
	3.5 Use of super and final keyword		
	3.6 Interface:		
	3.7 Creation and Implementation of an interface, Interface reference		
	3.8 Interface inheritance		
	3.9 Dynamic method dispatch		
	3.10 Abstract class		
	3.11 Comparison between Abstract Class and interface		
	3.12 Access control		
	3.13 Packages		
	3.13.1 Packages Concept		
	3.13.2 Creating user defined packages		
	3.13.3 Java Built inpackages		
	3.13.4 Import statement, Static import		
	3.14 Collection		
	3.14.1 CollectionFramework.		
	3.14.2 Interfaces: Collection, List, Set		
	3.14.3 Navigation: Enumeration, Iterator, ListIterator		
	3.14.4 Classes: LinkedList, ArrayList, Vector, HashSet		
4	**File and Exception Handling**	8	1,2,3
	Exception		
	4.1 Exception and Error		
	4.2 Use of try, catch, throw, throws and finally		
	4.3 Built in Exception		
	4.4 Custom exception		
	4.5 Throwable Class.		
	File Handling		
	4.6 Overview of Different Stream (Byte Stream, Character stream)		
	4.7 Readers and Writers class		
	4.8 File Class		
	4.9 File Input Stream , File Output Stream		
	4.10 Input Stream Reader and Output Stream Writer class		
	4.11 FileReader and FileWriter class		
	4.12 Buffered Reader class.		
5	**Applet, AWT, Event and Swing Programming**	14	1,2,3,4
	Applet		
	5.1 Introduction		
	5.2 Typesapplet		
	5.3 Applet Lifecycle		
	5.3.1 Creatingapplet		
	5.3.2 Applet tag		

		5.4 AppletClasses		
			5.4.1	Color
			5.4.2	Graphics
			5.4.3	Font
	AWT	5.5 Components and container used inAWT		
		5.6 Layoutmanagers		
		5.7 Listeners and Adapterclasses		
		5.8 Event Delegationmodel		
	Swing	5.9 Introduction to Swing Componentand Container Classes		
		5.10 Exploring Swing Controls- JLabel and Image Icon, JText Field, The Swing Buttons JButton, JToggle Button, JCheck Box, JRadio Button, JTabbed Pane, JScroll Pane, JList, JTable, JComboBox, Swing Menus, Dialogs,JFileOpen,JColorChooser.		
		Total Lectures	48

Savitribai Phule Pune University

Teaching Scheme 03 Lect/ week	No. of Credits 2	Examination Scheme IE : 15 marks UE: 35 marks

Prerequisites

　　HTML basics for form designing

Course Objectives

- To Design dynamic and interactive Web pages.
- To Learn Core-PHP, Server Side Scripting Language
- To Learn PHP-Database handling

Course Outcomes

On completion of the course, student will be able to–

- Understand how to develop dynamic and interactive Web Page

Course Contents

Chapter 1	Introduction to HTML, HTTP and PHP	10 Lects

Overview of HTML and Basic Tags , Creating Forms ,Tables, HTML5 Semantics.
　CSS basic concept ,Three ways to use CSS, Box Model, Navigation Bar .
　Introduction to Web server and Web browser .
　HTTP basics .
　PHP Basics: Use of PHP, Lexical structure, Language basics .

Chapter 2	Function and String	8 Lects

Defining and calling a function
Default parameters
Variable parameters, Missing parameters
Variable function, Anonymous function
Types of strings in PHP
Printing functions
Encoding and escaping
Comparing strings
Manipulating and searching strings
　Regular expressions

Chapter 3	Arrays	6 Lectures

Indexed Vs Associative arrays
　Identifying elements of an array
　Storing data in arrays
Multidimensional arrays
3.4Extracting multiple values
　Converting between arrays and variables
　Traversing arrays
　Sorting
Action on entire array

Chapter 4	Files and database handling	10 Lectures

Working with files and directories
Opening and Closing, Getting information about file, Read/write to file,
Splitting name and path from file, Rename and delete files
Reading and writing characters in file
Reading entire file

Random access to file data
Getting information on file
Ownership and permissions
Using PHP to access a database
Relational databases and SQL
   PEAR DB basics
   Advanced database techniques

| Chapter 5	Handling email with php	2 Lectures

Email background
   Internet mail protocol
   Structure of an email message
   Sending email and validation of Email_id with php

Reference Books:

Teaching Scheme 03 Lect / week	No. of Credits 2	Examination Scheme IE : 15 marks UE: 35 marks

Prerequisites
- Knowledge of C Programming language

Course Objectives
- To learn Object Oriented Programming language
- To study various java programming concept like Interface, File and Exception Handling etc.
- To design User Interface using Swing and AWT

Course Outcomes
On completion of the course, student will be able to–
- Understand the concept of classes, object, packages and Collections.
- To develop GUI based application.

Course Contents

Chapter 1	An Introduction to Java	6 Lect

Object Oriented Programming Concepts
      A short history of Java
      Features OR Buzzwords of Java
      Java Environment
      Simple Java Program
      Java Tools – jdb, javap, javadoc
      Types of Comments
      Data Types
      Final Variable
      Declaring 1D, 2D Array
      Accepting Input
      (Command Line Arguments, BufferedReader, Scanner)

Chapter 2	Objects and Classes	7 Lect

Defining your own classes
Access Specifiers
      (public, protected, private, default)
Array of Objects
Constructors, Overloading Constructors and Use of 'this' keyword
static block, static fields And methods
      Predefined Classes
- Object Class, Methods (equals(), toString(),hashcode(), getClass())
- String Class And StringBuffer Class,Formatting String data using format() method
      Creating , Accessing And Using Packages
      Wrapper Classes

Chapter 3	Inheritance and Interface	8 Lect

Inheritance Basics (extends Keyword) and Types of Inheritance
    Superclass, Subclass and use of Super Keyword
    Method Overriding and runtime polymorphism
    Use of final keyword related to method and class
    Use of abstract class and abstract methods
    Defining and Implementing Interfaces
    Runtime polymorphism using interface
    Concept of Marker and Functional Interfaces

Chapter 4	Exception and File Handling	5 Lect

Dealing with errors . Exception class. Checked And Unchecked Exception
Catching Exceptions. Multiple Catch Block. Nested try block
Creating User Defined Exception
Introduction to Files And Streams
Input-OutputStream : FileInput/OutputStream, BufferedInput/OutputStream, DataInput/OutputStream
    Reader-Writer : FileReader/Writer, BufferedReader/Writer, InputStreamReader, OutputStreamWriter

Chapter 5	User Interface with AWT and Swing	10 Lect

What is AWT? What is Swing? Difference between AWT and Swing
    The MVC Architecture And Swing
Layouts And Layout Managers
    Containers And Components – JFrame, JButton, JLabel, JText, JTextArea, JCheckBox And JRadioButton, JList, JComboBox, JMenu And related Classes
Dialogs (Message, Confirmation, Input), JFileChooser, JColorChooser
Event Handling: Event Sources, Listeners
Adapters And Anonymous Inner Class

Course Code: CSDT 114C	Course Name: Web Services	Total Lectures (30 Hours)
Teaching Scheme : 4 hrs/week	Examination Scheme: IA: 15 Marks UE: 35 Marks	No. of Credits 2
Course Prerequisites:	• Strong knowledge about Java programming. • Good Understanding of Object Oriented Programming concepts. • Must be familiar with XML.	
Course Objectives:	• To understand the details of web services technologies like WSDL,UDDI, SOAP • To learn how to implement and deploy web service client and server • To explore interoperability between different frameworks • To understand the concept of RESTful system.	
Chapter	Course Contents	No. of Lectures
1	**Web Service and SOA fundamentals** **Introduction to Web Services** — The definition of web services, basic operational model of web services, tools and technologies enabling web services, benefits and challenges of using web services. **Web Services Architecture** — Web services Architecture and its characteristics, core building blocks of web services, standards and technologies available for implementing web services, web services communication models, basic steps of implementing web services.	6
2	**SOAP: Simple Object Access Protocol** Inter-application communication and wire protocols, SOAP as a messaging protocol, Structure of a SOAP message, SOAP communication model, Building SOAP Web Services, developing SOAP Web Services using Java, Error handling in SOAP, Advantages and disadvantages of SOAP.	8

3	**Unit III : Describing and Discovering Web Services** **WSDL** - WSDL in the world of Web Services, Web Services life cycle, anatomy of WSDL definition document, WSDL bindings, WSDL Tools, limitations of WSDL, Service discovery, role of service discovery in a SOA, service discovery mechanisms, **UDDI** – UDDI Registries, uses of UDDI Registry, Programming with UDDI, UDDI data structures, support for categorization in UDDI Registries. Publishing API, Publishing information to a UDDI Registry, searching information in a UDDI Registry, deleting information in a UDDI Registry, limitations of UDDI.	8	
4	**Unit IV : The REST Architectural style :** Introducing HTTP, The core architectural elements of a RESTful system, Description and discovery of RESTful web services, Java tools and frameworks for building RESTful web services, JSON message format and tools and frameworks around JSON, Build RESTful web services with JAX-RS APIs, The Description and Discovery of RESTful Web Services, Design guidelines for building RESTful web services, Secure RESTful web services	8

Course Code: CSUT122	Course Name: Mobile Technologies	Total Lectures (48 Hours)
Teaching Scheme : 4 hrs/week	Examination Scheme: IA: 30 Marks UE: 70 Marks	No. of Credits 4
Course Prerequisites:	☐ Concepts of Networking ☐ Conversant with OS internals ☐ Familiar with the network Protocol stack ☐ Gain knowledge about different mobile platform and application development — Brief History of wireless communication	
Course Objectives:	☐ To impart basic understanding of the wireless communication systems. ☐ To expose students to various aspects of mobile and ad-hoc networks. ☐ Understand the issues relating to Wireless applications — Understand the Mobile security	
Chapter	**Course Contents**	**No. of Lectures**
1	**Introduction to Mobile Computing** • Introduction and need for Mobile computing • Mobility and portability • Mobile and Wireless devices • Mobile Applications • Mobile Operating system – IOS, BlackBery, Windows phone, Plam OS, Symbian OS,PhoneGap	03
2	**Android Fundamentals** • Introduction to Android - Overview and evolution of Android , Features of Android, Android architecture • Components of an Android Application, Manifest file • Android Activity • Service Lifecycle	07
3	**Android UI Design** • Basic UI Designing (Form widgets ,Text Fields , Layouts ,[dip, dp, sip, sp] versus px) • Intent(in detail) • All components (e.g Button , Slider, Image view, Toast) Event Handling • Adapters and Widgets • Menu	07

4	**Android Thread and Notification** • Threads running on UI thread (runOnUiThread) • Worker thread • Handlers & Runnable • AsynTask (in detail) • Broadcast Receivers • Services and notifications • Toast • Alarms	07
5	**Advanced Android Programming** • Content Providers – SQLite Programming • JSON Parsing • Accessing Phone Service(Call, SMS, MMS) • Location based services	05
6	**PhoneGap Programming** • Why Use PhoneGap? • How PhoneGap Works • Designing for the Container • Writing PhoneGap Applications • Building PhoneGap Applications • PhoneGap Limitations • PhoneGap Plug-Ins • Hello, World! Program • PhoneGap APIs –1 **Accelerometer:** • Querying Device Orientation, • Watching a Device's Orientation, • Creating a Contact, Searching for Contacts, Cloning Contacts, Removing Contacts.	12
7	**iOS Fundamentals** • **Introduction** - What is IOS ,IOS Architecture, Frameworks, Application Life Cycle, Features • **Swift** - Introduction to Swift ,General Concepts of Swift • **Xcode** - Introduction to Xcode , Navigator, Editor Utility, Tools, Console, Document, Simulator, Instruments • **Startup** - Application Templates, Introduction to Storyboard , Hello World Application, How 'Hello World' Working, Debugging Database, Plist, Preference, Sqlite Web Service, Restful Web Service (JSON & XML)	08

CORE COURSE – IV

Total Credits: 03

---

1. Objectives of the course
   a. To provide basic knowledge and understanding about various concepts of Business Management.
   b. To help the students to develop cognizance of the importance of management principles.
   c. To provide an understanding about various functions of management.
   d. To provide them tools and techniques to be used in the performance of the managerial job.

2. Depth of the program – fundamental Knowledge

Unit No.	Unit Title	Contents	Purpose / Skills to be developed
1	Management :	- Meaning definition of Management - Need for Management study - Process and levels of management - Functions of management - Contribution of F.W. Taylor, Henry Fayol, Peter Drucker, Mintzberg and Michel Porter in development of management thoughts	1. Understanding how management works 2. Developing thought process as a manger 3. Understanding functions of Management 4. Understand the role of Management Thinkers in development of modern management process
2	Understanding Management : Planning and Decision Making	- Meaning. definition and nature of Planning - Forms and types of Planning - Steps in Planning - Limitations of Planning - Meaning and techniques of Forecasting - Meaning, Types and Steps in Decision Making	1. How to plan various management activities, programmes and events 2. Developing of decision making skills to evaluate various alternatives and situations 3. Understanding the concept of forecasting
Unit No.	Unit Title	Contents	Skills to be developed

3.	Management at Work : The process of organizing and staffing	• Meaning, Process and Principles of Organizing • Concept of Authority and Responsibility • Delegation of Authority • Difficulties in Delegation of Authority • Need and importance of Staffing • Recruitment : Sources and Methods	1. Understanding the importance and process of organisation 2. Understanding authority and process of delegation of authority 3. Understanding process of recruitment
4.	Result orientation :Direction and Team Work	• Meaning, Elements, Principles, Techniques and Importance of Direction. • Concept of Team Work, Group Dynamics and principles regarding interpersonal communication and Group Behaviour	1. How to direct a group / team? 2. Team building skills 3. Wining confidence of group members 4. How to initiate healthy discussions to achieve consensus?

Teaching Methodology

Topic No.	Total Lectures	Innovative methods to be used	Film shows and AV Applications	Project	Expected Outcome
1	12	PowerPoint Presentations, YouTube Videos	Films on Process of Management and Films on Management Thinkers	Poster Presentation on Management Thinkers and their role in present business management	Students will get an idea about the basic managerial process
2	12	PowerPoint Presentations, YouTube Videos	Documentaries	Student group activities which involve Planning and Decision Making	Students will get an idea about how planning works in real life.
3	12	PowerPoint Presentations, YouTube Videos	Lectures on industry experts and documentaries on organizing and staffing	Poster Presentation	Students will understand the process of implementation of both the concepts.
4	12	PowerPoint Presentations, YouTube	documentaries	Student group activities which involve direction and team work.	Students will understand importance of proper direction and

C.S.I.T. Pimpri Pune - 18.

Syllabus for

Ability Enhancement Compulsory Course (AECC – Environment Studies)(2 credit) for under graduate

(For All Faculties - Second Year - Semester III)

It is as per UGC guidelines and framing -

Unit 1 : Introduction to environmental studies

- Multidisciplinary nature of environmental studies;
- Scope and importance; Concept of sustainability and sustainable development.

(2 lectures)

Unit 2 : Ecosystems

- What is an ecosystem? Structure   and function of ecosystem ; Energy flow in an ecosystem : food chains, food webs and ecological succession. Case studies of the following   ecosystems :
a) Forest ecosystem
b) Grassland ecosystem
c) Desert ecosystem
d) Aquatic ecosystems (ponds, streams, lakes, rivers,   oceans,   estuaries)

(8 lectures)

Unit 3 : Natural Resources : Renewable   and Non-renewable Resources

- Land resources and landuse change; Land degradation, soil erosion and desertification.
- Deforestation: Causes and impacts due to mining, dam building on environment, forests, biodiversity and tribal populations.
- Water : Use and over-exploitation of surface and ground water, floods, droughts conflicts over water (international & inter-state).
- Energy resources : Renewable and non renewable energy sources, use of alternate energy sources, growing energy needs, case studies.

(10 lectures)

Unit 4 : Biodiversity and Conservation

- Levels of biological diversity : genetic, species and ecosystem diversity; Biogeographic zones of India; Biodiversity patterns   and global biodiversity hot spots
- India as a mega-biodiversity nation; Endangered and endemic species of India
- Threats to biodiversity : Habitat loss, poaching of wildlife, man-wildlife conflicts, biological invasions; Conservation of biodiversity : In-situ and Ex-situ conservation of biodiversity.
- Ecosystem and biodiversity services : Ecological, economic, social, ethical, aesthetic and Informational value.

(10 lectures)

20. World Commission on Environment and Development. 1987. Our Common Future. Oxford University Press.

Unit 5 : Environmental Pollution

- Environmental pollution : types, causes, effects and controls; Air, water, soil and noise pollution

- Nuclear hazards and human health risks

- Solid waste management : Control measures of urban and industrial waste.

- Pollution case studies.

(10 lectures)

Unit 6 : Environmental Policies & Practices

- Climate change, global warming, ozone layer depletion, acid rain and impacts on human communities and agriculture

- Environment Laws: Environment Protection Act; Air (Prevention & Control of Pollution) Act;

Water (Prevention and control of Pollution) Act; Wildlife Protection Act; Forest Conservation Act. International agreements: Montreal and Kyoto protocols and Convention on Biological Diversity (CBD).

- Nature reserves, tribal populations and rights, and human wildlife conflicts in Indian context.

(9 lectures)

Unit 7 : Human Communities and the Environment

- Human population growth: Impacts on environment, human health and welfare.

- Resettlement and rehabilitation of project affected persons; case studies.

- Disaster management : floods, earthquake, cyclones and landslides.

- Environmental movements : Chipko, Silent valley, Bishnois of Rajasthan.

- Environmental ethics: Role of Indian and other religions and cultures in environmental conservation.

- Environmental communication and public awareness, case studies (e.g. CNG vehicles in Delhi).

(6 lectures)

Unit 8 : Field work

- Visit to an area to document environmental assets: river/ forest/ flora/fauna, etc.
- Visit to a local polluted site-Urban/Rural/Industrial/Agricultural.

- Study of common plants, insects, birds and basic principles of identification.

- Study of simple ecosystems-pond, river, Delhi Ridge, etc.

(Equal to 5 lectures)

Seminar: All the girls students of the ASM Group of Institute seminar are organized a Program on the "Menstrual Hygiene Program for Girls' Students."

Sponsors: Whisper India, Venus

Date and Time: 20/05/2022, 11:00 am

Venue: Auditorium Hall on the College Premises

Guest: Dr Ravindra(Gynecologists)

Detailed Report:

The Seminar was organized for girls' students on a very sensitive topic i.e. menstrual issues and related problems. The guest highlighted the different hormonal issues and their behavior in every cycle. He also showed a small AV on society's view on this topic and how it is an underrated topic in society.

This seminar will be beneficial to students in Personal and Professional areas.

The program concluded with a question and session with Dr. Ravindra. He answers all the questions of the students, faculties, and non-teaching staff.

Gift hampers were distributed by the Sponsors of the Program Whisper India, Venus.

The Program Proved beneficial to all the girls of the College.

**Intellectual Property Rights.**

Date of Webinar :- 29/01/2022

Time of Webinar :- 03.00 To 04.00 PM

Subject Expert Speaker :-

Mr. Raghavendra Bhat	Intellectual Property Rights and Innovations Consultant- INNOPIS

Report on the event Intellectual Property Right on dated 29/01/2022

29/01/2022 Webinar Schedule

Sr. No.	Time slot	Particular	Speaker.
1	03.00 To 03.02 PM	Welcome Note	Dr. Diksha Tripathi
2	03.03 To 03.08 PM	Introduction Round	Prof. Sumi Chandran.
3	03.09 To 03.40 PM	Webinar topic presentation	Mr. Raghavendra Bhat.
4	03.41 To 03.55 PM	Question Answer Round	Speaker & Audience.
5	03.55 To 03.59 PM	Chief Guest Speech	Dr. Sandeep Pachpande.
6	03.55 To 04.00 PM	Vote of thanks	Prof. Shreekant Mahajan.

At the beginning of this webinar Dr. Diksha Tripathi welcome everyone who present in the webinar and also welcome our chief guest and speaker for joining and sharing the knowledge about the subject to our Audience students. Then Prof. Sumi Chandran gave introduction of our chief Guest and speaker. Then Mr. Raghavendra Bhat present their short film on the webinar topic which help audience to understand the subject very clearly. Then he present his view very impressively on the webinar topic he also take help of PPT slides to explain the topic.

After complete guidance on the webinar topic the question answer round begin Student ask various questions and Mr. Raghavendra Bhat gave answer of those questions the feedback of the audience is very goods the questions asked by the audience are as follows

Feedback of students on the event Intellectual Property Right on dated 29/01/2022
Student's actual feedback can be taken on the basis of the questions and answer round.
Lots of questions were asked by the students in this event some questions are as followes.
The feedback of the students on this can be identify through this question answer round.
After this The Chief Guest Dr. Sandeep Pachpande address to the audience and also put some additional information on the subject. The information is very important given by the chief guest.
Vote of thanks Prof Shreekant Mahajan Gave Vote of thanks to every participants in this webinar.

Feedback of students on the event Intellectual Property Right on dated 29/01/2022

Student's actual feedback can be taken on the basis of the questions and answer round.

Lots of questions were asked by the students in this event some questions are as followes.

1. Actual concept of Intellectual Property.
2. Who can apply for patent.
3. What can be the Intellectual property.
4. Can any drawing become Intellectual Property.
5. Can any design get patent.
6. What is the qualification for applying for it.
7. Who can apply for it.
8. What are the benefits of this.
9. What are the dispute settlement system.
10. Others.

The feedback of the students on this can be identify through this question answer round.

GUIDELINES

ON

BASIC FACILITIES AND AMENITIES FOR SAFE SECURE

ENVIRONMENT FOR WOMEN

AND

WOMEN CELL (FOR SENSITIZATION, POLICY IMPLEMENTATION, MONITORING AND GRIEVANCE REDRESSAL) IN HIGHER EDUCATIONAL INSTITUTIONS

National Education Policy 2020

Ministry of Education
Government of India

Government of India

University Grants Commission
New Delhi, India
The Recommendations of The UGC

Committee on

Women Safety and Security:

The UGC is committed to the goal of developing a safe, secure and violence free environment in all the educational institutions across the country. It has been reviewing the safety of the campus communities especially women from time to time and issuing guidelines for the same. In this regard, the UGC again setup a committee in 2022 and tasked it with reviewing and updating the safety guidelines for implementation.

On a general note, the committee observed that there is a strong need to challenge the culture of silence that perpetuate the acts of violence against women, be it within the campus or outside. The committee, however, was cognizant of the prevailing norms and practices of masculinities in the functioning of educational institutions that posed a real hurdle in the effective implementation of policies meant to combat sexual harassment and gender based violence in higher educational institutions (HEIs). It was therefore, imperative that HEIs emerged out of the denial mode and acknowledged the prevalence of sexual harassment on campuses and thereafter, implemented the UGC guidelines as a multi-dimensional redressal mechanism. Gender sensitisation of each and every individual on the campus including the vice chancellor, registrar, the principal, the administrative officers, all the teaching and non- teaching staff, students, research scholars, all service providers and workers (permanent, temporary and contractual) will pave the way for making our campuses safe and secure for women.
The committee also observed that UGC"s earlier report titled, *"Saksham: Measures for ensuring the Safety of Women and Programmes for Gender Sensitisation on Campuses"* was quite comprehensive and suitable for the task.
Hence it recommends that Saksham should act as a handbook for developing gender sensitisation programmes in HEIs. A soft copy of the „Saksham" must be freshly circulated in all HEISs across the country to implement the policy guidelines for women"s safety and security.

The committee suggests the following fresh guidelines to create safe, secure and gender equitable environment in all HEISs.

The guidelines are broadly classified into the following two interlinked domains:

I. Infrastructural facilities and amenities for a safe and secure environment:

II. Women Cells (for sensitization, policy implementation, monitoring and grievance Redressal
# Guidelines for basic facilities & amenities for secure environment for women on campuses and Women Cell (for sensitization, policy implementation, monitoring and grievance redressal) in higher educational institutions

1. Students should be provided with a handbook at the time of admission that would contain detailed information about rules and regulations regarding proper conduct and behaviour expected of them. It should list the helpline numbers of ICC members, student counsellors, anti-ragging cell, proctor office, medical emergencies, health centre, canteen, andother university authorities to be approached in case of need.

2. Professional counseling services should be available on the campus to address the psychological and emotional concerns of the students.

3. Safety of women is a paramount concern for all. The higher education choices are, quite often, limited by perceptions of risk involved in going „outside" the home for higher education. Therefore, efforts by the college/university administration to make their campuses better equipped and safer for women would strengthen women"s participation in institutions of higher learning. Infrastructural improvement measures, therefore, would act as a strong component in creating a women friendly campus.

4. The HEIs should ensure easy access to basic sanitation and hygiene facilities for women such as clean, well maintained and fully functioning separate restrooms equipped with 24 hours tap water supply, soap, covered dustbins, sanitary pad disposal bins and vending machines in all

its buildings. There should be proper sanitary staff deployed to keep the facilities clean and usable at all times.

5. The campus and the adjoining areas should be well lit. The sports and other play grounds and public parks should have flood lights. All the roads and streets on the campus, and the areas around the main/central library, the hostels, and parking lots must have adequate street lighting. There should be no dark stretches anywhere on the campus.

6. The HEIs should provide reliable and consistent transport facilities and feeder buses for all students, especially for women students and female staff, for a safe transit within the campus. The services should be provided till late hours as laboratories and libraries are open till late.

7. All the buildings, the open public spaces and other infrastructural amenities including transport, restrooms, footpaths, entry and exits shouldbe friendly for specially abled Students.

8. A sufficient number of female security guards should be hired fromcredible security firms.

9. Each campus should have adequately equipped with primary health care center along with an ambulance facility to ensure women"s safety by availing the primary and emergency health care services on a 24 hours basis within the campus.

10. Boundary wall provisions are essential for ensuring the safety of students especially where campuses are located in rural or out of town, secluded
areas. In this regard the university/college premises must have a boundary wall to curtail unauthorized access of outsiders to the campus.

11. All the public spaces on the campus such as streets, libraries, corridors, playgrounds, parks, sports stadia, laboratories, libraries, parking lots should be under CCTV coverage with a centralized surveillance system to monitor the behavior and activities of students, staff, and visitors. A system of issuing passes to all visitors at the campus entry should be in place.

12. Childcare centers and crèches with trained personnel should be available at subsidized charges.

13. The HEIs should build more hostels for women and all women students who need hostel rooms should be given this facility. Hostels should be designed to offer contemporary amenities such as the mess, canteen, clean restrooms, self- service laundry rooms fitted with washing machines, Wi-Fi, lounge, entertainment facilities for indoor games, and reading rooms etc.

14. Healthy and nutritious food should be available at all the canteens and the mess premises of the college/university and its quality should be regularly checked by the food safety officials.

15. The administration should organize self-defense classes/ training camps for female students and employees on a regular basis.

16. Every college/university/educational institution must have an Internal Complaints Committee (ICC) constituted as per the legal requirements in

the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The ICC will work towards prevention and grievance redressal and look into all complaints of sexual harassment filed by the women students and women staff members and adhere to all the rules and regulations stipulated in this Act.

17. Information about the ICC, its members, their contact details via phone and email, and details about the role and responsibilities of ICC should be prominently uploaded on the website of the institution. The same should also be disseminated widely through posters or brochures put up at prominent places, on notice boards of all departments, offices, hostels, auditoriums and sports stadia. A copy of the act should also be uploaded on the website of the institution. Complaint /grievance boxes should be put up at discreet locations in all buildings of the institution. An anonymous complaint should also be addressed.

18. Universities must advocate a zero tolerance policy with respect to sexual harassment and gender based discrimination on the campus. In this regard, all the necessary actions should be taken and norms should be followed as per the official gazette of India, University Grant Commission (Prevention, prohibition and redressal of sexual harassment of women employees and students in higher educational institutions) Regulation, 2015.

19. Gender sensitization seminars, contests/exhibitions/debates/ and film screenings should be organized regularly to sensitize the students, teachers and other staff about the existing gender stereotypes that reinforce gender based discrimination and violence. In this regard, an Annual Fest can also be instituted around the Women''s Day to create

awareness on gender equality through interactive sessions, performative arts, film discussions, essay and poetry writing, poster making, photography and critical debates. The selected pieces may be published in the campus magazine. A gender equality wall may be maintained in the campus and students should be encouraged to express their views on a daily basis to orient fellow students and staff members towards the needto build gender inclusive societies.

20. HEIs should instill self confidence in young women to become achievers, leaders and entrepreneurs in order to empower them socially and economically. There should be a strong focus on developing and promoting gender inclusive curriculum in order to provide equal career opportunities, irrespective of gender.

21. The HEIs must take strong steps to counter the practices of stigmatization and secondary victimization of the complainant/victim. This could be done through legal awareness lectures, workshops, seminars and conferences that would instill confidence in women to report any instanceof sexual harassment or gender based violence that they observe, come to know about or experience. In this regard, the HEIs may invite the servicesof the legal counselors from State Legal Service Authority (SLSA), District Legal Service Authorities (DLSA), or the law department, legal advocacy groups and in-house legal counselors etc.

22. Similarly, the campus community should regularly invite eminent members of society such as professionals, and functionaries from the state, corporate and civil society who are known to promote gender equality in their respective fields.

23. The HEIs should regularly organise health awareness and health check-up camps to spread awareness about issues such as breast cancer, menstrual hygiene, use of contraceptive pills, unwanted pregnancy, depression, anxiety, eating disorders, stress induced disorders, hormonal imbalance, Polycystic Ovarian Disease (PCOD) etc.

24. The revised curriculum as per NEP 2022 should create ample space for vocational skill development and entrepreneurship for women to enable them to be become economically independent.

25. The HEIs should try to motivate Women in general and more specifically women from socially disadvantaged groups, or women who are disabled to continue their education by offering scholarships and funding opportunities.

26. The administration machinery of the HEIs should ensure the use of gender-inclusive language for all official communications.

27. Annual reports of the HEIs should include the data about the number of complaints of sexual harassment received, successfully disposed of and pending, without revealing the identities of complainants.

28. The HEIs are supposed to submit a periodic report to UGC in regards to the measures taken for safety and security of women employees and students in the premises.

29. All the facilities in women cells should be specially abled (Divyangjan) friendly.

CODE OF PROFESSIONAL ETHICS PRACTICED IN THE INSTITUTE

The institute has laid down certain codes for Professional Ethics to ensure fair code of conduct

(i)   Adhere to a responsible pattern of conduct and demeanour expected of them by the community

(ii)   Manage their private affairs in a manner consistent with the dignity of the profession

(iii)   Seek to make professional growth continuous through study and research

(iv)   Express free and frank opinion by participation in professional meetings, seminars, conferences etc., towards the contribution of knowledge

(v)   Maintain active membership of professional organizations and strive to improve education and profession through them

(vi)   Perform their duties in the form of teaching, tutorials, practical, seminars, and research work, conscientiously and with dedication

(vii)   Discourage and not indulge in plagiarism and other non-ethical behaviour in teaching and research

(viii)   Abide by the Act, Statute, and Ordinance of the University and respect its ideals, vision, mission, cultural practices, and tradition

(ix)   Co-operate and assist in carrying out the functions relating to the educational responsibilities of the college and the university, such as: assisting in appraising applications for admission, advising and counseling students as well as assisting in the conduct of university and college examinations, including supervision, invigilation, and evaluation

(x)   Respect the rights and dignity of the student in expressing her/his opinion

(xi)   Deal justly and impartially with students regardless of their religion, caste, gender, political, economic, social, and physical characteristics

(xii)   Encourage students to improve their attainments, develop their personalities and at the same time contribute to community welfare

(xiii)   Inculcate among student's scientific temper, the spirit of inquiry, and ideals of democracy, patriotism, social justice, environmental protection, and peace

(xiv)   Pay attention to only the attainment of the student in the assessment of merit

(xv)   Make themselves available to the students even beyond their class hours and help and guide students without any remuneration or reward

(xvi)   Aid students to develop an understanding of our national heritage and national goals.

Power Saver Equipment's installed in the Principal cabin and other administration department.

2. Management of various types of degradable and non-degradable waste:

The institution's Green Campus Policy provides guidelines regarding the management of degradable and nondegradable waste. Every member of the institution diligently works towards making the campus clean and green. Waste management is taken up in earnest and is considered a primary step toward campus sustainability.

- o Solid waste management: The solid waste generated on the campus majorly comprises paper. The remaining solid waste is categorized into three: dry waste, wet waste, and non-biodegradable waste which are processed further. Separate, color-coded bins for each is placed at several locations within the building and outside, including the canteen area. Scrap metal is recycled through vendors. The college community is concertized during orientation on reducing waste and avoiding plastic. Also, some awareness initiatives are taken like "one-day eco-friendly camp, plastics free campus. Classrooms and other academic spaces have waste bins.

Solid Waste Management installed in the girl's restroom

Dry and Wet bins installed in every floor

o Liquid waste management: Liquid waste or as it is generally called, wastewater, is potentially harmful to human health and the environment. The liquid waste is directed to a septic tank constructed for the purpose and is further released into the corporation sewage system. "Don't waste water" awareness was created through boards installed near water filters, washbasins, and restrooms.

o E-waste management: The institution has ensured timely and effective maintenance of IT infrastructure and ensures an increased lifespan of electronic equipment. The institute has four computer lab and 1 electronics lab along with one printing lab. Also, institute has two ICT smart classes. Some electronic and electrical equipment are refurbished and reused. The college periodically disposes off the unserviceable electronic and electrical equipment through safe means. E- Waste mainly comprises of depreciated computer systems and devices including UPS, printers, scanners, monitors, etc. A bin is placed strategically in each lab as a collection point and the waste is disposed to the e-cycle.

3. Water conservation facilities available in the Institution:

- o Rainwater harvesting
- o Borewell /Open well recharge
- o Construction of tanks and bunds
- o Maintenance of water bodies and distribution systems on the campus.

Rain water maintenance tank installed   Bore-well

in the backyard of the campus.

4. Green campus initiatives

- o Pedestrian Friendly pathways

- o Landscaping with trees and plants.
- o Encouraging the use of public transport.
- o Programmes like "plastic-free campus", "one day echo friendly camp generate awareness on waste management practices in educational institutions around and in the neighbouring communities.

"Swacha Bharat Abhiyan"

Save Soil event was organized in collaboration with the Save Soil organization, to promote environment consciousness on the Soil Day, 12/05/2022. The event included all the students of ASM Group of Institute. The event was called "Walk for Soil.

Real Life Real People

Admin Office - Y.C.M. Hospital Pimpri, Pune - 411 018

Ref. No.   Date.: 24/07/18

To The Principal. ASM CSIT College,
Respected Sir/Madam,   Pimpri.

We are the Vidyashree charitable trust's **Pimpri Chinchwad blood bank** located in the heart of
Pimpri Chinchwad city. We are the **FDA** licensed blood bank no- **PD/88** to cater the need of
society in regards with whole blood & blood components, such as PRC, FFP, Platelets,
Cryoprecipitate and SDP.We provide blood & blood components to 100 to 150 Hospitals such as
Jehangir hospital, Inamdar hospital, Columbia Asia hospital, Y.C.M. hospital, Niramaya hospital,
Ruby All care hospital,Aims hospital, Dhanshree hospital, Kamat hospital, Max neuro hospital,
Bharati hospital, Global hospital, Phoenix hospital,Life Line hospital, Oyster & Pearl hospital,
Om hospital & many more small hospitals in Pune and Pimpri Chinchwad area.

Our blood bank is mainly working for Pimpri Chinchwad corporation's Y.C.M
hospital's needy, poor and orphan patients. To serve these patients we have an association
with Y.C.M. hospital's non – government organization " **REAL LIFE REAL PEOPLE** " This NGO is
doing authentic work to serve the needy poor & orphan patients.We work with this NGO and
help in many ways.

Our Blood Bank issue free Blood and Blood components to the "REAL LIFE REAL PEOPLE"
NGO's needy,poor and orphans patients.

We also provide "FUNDS" to the "REAL LIFE REAL PEOPLE" NGO to carry out their
noble work.

Our Pimpri Chinchwad Blood Bank 's staf personaly help the needy poor and orphan
patients.

Besides this,We provide free blood & blood components to Thalassemia, Sickle cell
anaemia and cancer patients. we also provide free blood to the below poverty and needy
patients in the society.

Our trust's moto of helping the society is impossible without the organization like your's. As we toda,
blood is generated in "**HUMAN BEINGS**" only and can not be prepared or generated anywhere else.

following privileges for the donors .

दिनांक

२५ मार्च, २०१५

पिंपरी-चिंचवड येथील यशवंतराव चव्हाण स्मृती रुग्णालयामध्ये "रिअल लाईफ-रिअल पिपल" फाउन्डेशनच्या वतीने गरीब व गरजू रुग्णांकरिता मोफत सेवा उपक्रम राबविण्यात येत असल्याचे वाचून आनंद झाला.

समाजातील दुर्बल, निराधार, गरजू रुग्णांना सहाय्य करण्यासाठी सामाजिक बांधिलकीच्या भावनेमधून सन २०१० मध्ये "रिअल लाईफ-रिअल पिपल" फाउन्डेशनची स्थापना करण्यात आली. आपली स्वतःची आर्थिक परिस्थिती बेताची असतानाही, गरीब रुग्णांच्या सेवा-शुश्रुषेबरोबरच त्यांना जेवण, उपचारानंतचा प्रवास, बेवारस मृतदेहांवर विधिवत अंत्यसंस्कार अशी विविध सामाजिक कामे निरपेक्ष भावनेने करण्यात येत असते ही बाब निश्चितच कौतुकास्पद आहे.

"रिअल लाईफ-रिअल पिपल" फाउन्डेशनतर्फे हाताळण्यात येणा-या विविध उपक्रमांस आणि संस्थेच्या भविष्यातील वाटचालीसाठी माझ्या हार्दिक शुभेच्छा देत आहे.
