Advance Learners Activity Report

Class: TY BBA(CA) Sem-VI
Date of Activity: 16/05/2022 to 21/05/2022
Subject: Android Programming
Time of Activity: 11:00 am to 2:00 pm
Staff Name: Ms. Pooja Nawadkar

Topics: Works with class learners in practical hours and solving all doubts of all subjects.

Objective:

1. To be capable of applying the knowledge to create an Android application for given data.
2. To explain the role of analyzing programming in Android.
3. To motivate students to get involved in subject related practical topics to solve all doubts of class learners.
4. To motivate students to solved High Level Questions or queries related to subject contents and practical assignments, software installation, online tools for practical's.

Outcomes:

1. To understand the architecture, creating it and moving from one to any, different structural patterns.
2. Students get acquainted with the subject based latest topics.
3. Students able to solved different high level question patterns and also able to ask questions and answers with hands-on practicals.
4. Students get knowledge related to software installation, practical assignments of related subject in course also get knowledge about online available tools for hands-on practicals.

Date of Activity: 09/05/2022 to 13/05/2022

Activity Name: Seminars and presentation

Topic Covered:

1. Abstract Factory Pattern
2. Adapter Pattern
3. Decorator Pattern
4. Observer Pattern
5. Command Pattern
6. Iterator Pattern
7. Strategy Pattern
8. Rubic pattern

Benefits of the Activity:

1. Students can formulate a problem.
2. Students can think individually about a topic or answer to a question.
3. Developing experience and confidence in one's presentational skills.
4. Students can share ideas with classmates.
5. Students can answer a question about an assigned reading.
