Subject: Proposal to conduct Mind Education Program in your institute

Dear & Esteemed,

Greetings from International Youth Fellowship (IYF)! International Youth Fellowship is the World's largest youth Organization dedicated to the intellectual and emotional growth of young people around the world. IYF is on a mission to raise dynamic leaders of next generation who think beyond the cultural, language and regional difference to build a strong and healthy society. IYF is in 92 countries involving 2 Million Youth annually.

International Mind Education Institute (IMEI) founded by IYF has already been working in more than 85 centers around the world with the objective of moulding clean mind-sets in individuals. In an increasingly globalised world, to stay ahead of competition and succeed, mere knowledge and skill no more suffices. The IMEI Mind Education Program aims at creating global leaders in every field who possess the special wisdom that others do not have thereby making them singular individuals who will be much in demand internationally. We wish to mould such leaders who possess the mind-set of 'You First' instead of 'Me First'.

In every field whether it be Education, IT, Medicine, Law Enforcement etc. such leaders are direly needed. This is why the IMEI through mind education lectures educates the hearts of people to learn the value of self control and happiness, creating a much better environment in the class or workplace and building leaders with bright & clean hearts.

To introduce IMEI to you we would like to conduct a workshop in your institute. Mentioned below are the details of the event in brief. I have attached the detailed schedule.
