## About Us

The coronavirus pandemic has disrupted life for communities around the world and will continue to do so for several more months if not years. COVID-19 has caused a major disruption in the admission process 2020 in India. With the lack of availability of traditional means of admissions, students are left confused. NO Admission events, Counselling Sessions, Workshops & Seminars are happening. ASMA brings an initiative to bridge the gap of Academia, Industry & Students Communities and help ease the admissions process, career counselling & outreach through Digital Transformation & Adoption of Social Media. We aim to match the aspirations with reality and open virtual gates for Schools, Colleges and Universities with its desired Geo reach.

Virtual Career & Admission Counselling Festival.

Virtual Symposium, Virtual Workshops & Online Counselors - Students Interaction.

Help to encourage growth and collaboration for Academia, Industry & Students communities.

## About Us

A year into the pandemic has seen sectors and industries opening up again with positive signs of recovery. The education sector has also taken measures with institutions opting for a blended mode of learning. The 3-month long ASMA India Admission Hunt 2021, which will be held between April-June 2021, continues to bridge and connect Academia with Industry and student communities in an effort to facilitate admissions outreach and career counselling through digital innovation.
