Introduction:

National Service Scheme (NSS) Day is celebrated annually on September 24 in India. Launched in 1969, NSS aims to develop the personality and character of students through community service. The scheme encourages youth to engage in social and community development activities, fostering a sense of responsibility, leadership, and a spirit of service among them. The NSS program emphasizes the importance of selfless service and aims to bridge the gap between the urban and rural communities. By involving students in various social initiatives, NSS seeks to promote national integration, communal harmony, and social justice.

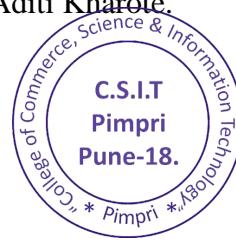

Objectives:

- 1 Create awareness about the NSS program.
- 2 Promote active community service participation.
- 3 Develop skills through practical social projects.
- 4 Reflect on past NSS achievements and plan ahead.
- 5 Foster leadership qualities for social change.
